SCHOOL BOUNDARY AND REDISTRICTING PLAN

South Central Planning and Development Commission
5058 West Main Street, Houma, LA 70360

Section One: Introduction and Project Objectives

The South Central Planning and Development Commission (SCPDC) thanks the St. John the Baptist Parish School Board to the invitation to submit this proposal for the School Boundary and Redistricting Plan. SCPDC has a depth of experience in similar plans throughout the years and looks forward to working with the school board on this project. This proposal will details the Commission's experience and proposed scope of services for this project.

Considerations for this project include:

1. Provide an overview of the School District that considers such factors as geography, populations, and wealth. Are there any distinguishing characteristics that will have any impact on facilities, such as geographically separate population centers?
2. Meet with local municipal planners, regional planners, and realtors. Analyze zoning maps, available land, and infrastructure to project the location and quantity of future housing development.
3. Study population trends, birth rates, and migration patterns.
4. Recognize and project trends in non-public school enrollment, including charter schools, cyber schools, and home-schooled students.
5. Using the above methods, provide enrollment projections for each building annually for 10 years (begin with the 2020-2021 school year).
6. Study of Capacity as it Relates to Enrollment Projections & Educational Program
7. Establish or confirm enrollment capacities for each school building
8. Prepare a comparison of projected enrollments to building capacities.
9. Provide an overview of the District's educational program that highlights any special facility needs including any instructional practices or planned curriculums that will require special design features, or any change in the type of use of each facility.
10. Provide an analysis of each building's capacity as it relates to the educational program and if each building provides the educational spaces dictated by that educational program.
11. The School District is under a desegregation order with the Department of Justice. The new School Boundary and Redistricting Plan must be approved by the Department of Justice.

The **Objectives** for this project are as follows:

1. Realign attendance zone boundary to balance student population proportionately at elementary schools based on an optimum range of 80 – 90 percent of school capacity.
2. Realign attendance zone boundary to balance student population at secondary schools.
3. Provide comprehensive scenarios for multiple situations. To include, but not limited to:
 - a. Elementary School configuration to allow for increased population.
 - b. Elementary School configuration keeping neighborhoods together.
 - c. Maintain a reflection of the economic and ethnic diversity of the District's student population in the various individual school attendance zones to the maximum extent possible.
 - d. Elementary School configuration to balance Kindergarten within neighborhood schools.
 - e. Elementary School configuration to balance Pre-K within neighborhood schools.
4. Maximize transportation efficiencies.

Section Two: Commission History and Current Status

SCPDC has worked with the St. John the Baptist School Board in the Past on attendance zones. The Commission has also worked with the St. Charles, St. James, Lafourche and Terrebonne Parish school districts on various enrollment zone, strategic, and redistricting plans.

In addition, the commission has a depth of experience with demographics analysis and districting plans. We have worked with the St. John the Baptist School Board and St. John the Baptist Parish council on Redistricting Plans in 2010, 2000, and 1990. In addition, have worked with school boards and parish councils on redistricting plans for Assumption, Lafourche, St. Charles, St. James, and Terrebonne for the same. These projects all required the Commission to balance representative populations through a varying number of geographic districts while maintaining required minority representative districts and attempting to keep various communities and neighborhoods together.

As the Metropolitan Planning Organization for the Houma-Thibodaux urbanized area, SCODC staff has experience and knowledge in long-range population projections and forecasts for use in travel-demand models and other applications. The Commission also has much experience in transportation and transit planning, performing ridership forecasts and transit feasibility studies for local transit systems and assisting local small transit agencies identify needs and maximize efficiencies.

The combinations of our familiarity with your Parish, knowledge of your communities and neighborhood sensitivities, mapping expertise, advanced computer software capabilities, and knowledge of federal requirements are more than ample in meeting your expectations.

Profile of Commission

SCPDC was formed in 1972 and promulgated in 1978 by Louisiana State Statute (Act 472 of the Regular Session of 1978) to help local governments plan for the future of their communities and to help stimulate regional economic growth. One of the eight Regional Planning Districts in the State, and the Commission is a public, non-profit organization (501C-1).

The Commission performs a variety of functions such as, but is not limited to the following areas of emphasis;

- Federal & State Grant Development and Management
- Transportation Planning
- Transportation Safety and Congestion Planning
- Geographic Information Systems
- Building Code Enforcement
- Homeland Security
- Capital Improvement Plans
- Advocacy of Special Projects
- Environmental Planning & Redevelopment
- Business Lending and Development
- Comprehensive Planning
- Land-use Planning
- Zoning Development

- Strategic Economic Development Planning
- Strategic Facilities Planning
- Information Technologies and Computer Programming
- Federal and State Liaison
- Technical support for various other local Commissions and Authorities
- Graphic Communication and Design
- Election Services

The Commission is under the direction of a thirty-two (32) member Board of Commissioners, comprised of the chief elected officials of member governments, which include six parish presidents and six mayors. In addition, each parish governing authority appoints one minority representative, and the Parish Presidents appoints one business representative and an additional business representative for every 25,000 population over 50,000 population to serve on the Board.

Member Communities

- Assumption Parish
- Lafourche Parish
- St. Charles Parish
- St. James Parish
- St. John the Baptist Parish
- St. Mary Parish
- Terrebonne Parish
- City of Franklin
- City of Morgan City
- City of Patterson
- City of Thibodaux
- Town of Berwick
- Town of Golden Meadow
- Town of Gramercy
- Town of Lockport
- Town of Lutcher
- Village of Napoleonville

The staff of the Commission is under the direction of Mr. Kevin P. Belanger, who will be responsible for contracting and overseeing the project on behalf of the Commission.

Section Three: Proposed Approach and Scope

Task A: Review of Existing Conditions

Gather data related to current school enrollment and review of facilities. A determination will be made which schools are at or over capacity and which schools may have excess capacity or room for growth. Will also look at enrollment from last ten years to determine which schools have experienced growth.

Task B: Population Forecasts

Using the 2010 census, birth and death rates from La Dept of Health, the Commission will forecast populations to determine the ages of children in groupings for elementary schools, middle schools, and high schools. The Commission will also determine where growth has taken place since 2010 and where

future growth will take place using 2010 Census data, residential building permits issued since 2010, and working with the parish planning department. SCPDC will also review enrollment data since 2010 will also to determine forecast verification and calibration.

Task C: Redistricting of Enrollment Zones

Taking into consideration the results of Tasks A and B, enrollment zones will be created taking special care and effort to minimize disruption to neighborhoods and maximize transportation efficiencies. Two plans will be developed – one which included Fifth Ward Elementary remaining open and one with Fifth Ward Elementary being closed. By using Census and the latest American Community Survey data, these plans will also maintain a reflection of the economic and ethnic diversity of the District's student population in the various individual school attendance zones to the maximum extent possible in compliance with the district's Consent Decree.

Task D: Adoption by School Board and Submittal to U.S. Justice Department

SCPDC will ensure the plan is adopted by the school board following established procedures. The plan and all steps taken in the planning process will be properly documented and submitted to the U.S. Department of Justice for review and clearance before any implementation.

Task E: Delivery and Presentation of Final Boundaries

SCPDC will provide hard-copy maps of each school enrollment zones and digital copies (PDF format) to the School Administration and School Board. In addition, SCPDC will provide GIS files to the St. John the Baptist GIS Coordinator and will develop a web map that the District may embed on the website.

Section Four: Professional Qualifications

The following individuals are anticipated to work on the plan:

Kevin Belanger, Chief Executive Officer

As Project manager, will ensure scope is followed and project milestones met. Mr. Belanger has been the CEO of SCPDC since 1998, prior to which he was a Senior Planner for Terrebonne Parish where he was directly responsible for the management of the Metropolitan Planning Organization and the Planning and Zoning Department, which included building permits, code enforcement, zoning issues, long- and short-range capital transportation planning, geographic information systems, and many other associated duties. He has a Bachelor's of Science in City and Regional Planning from the University of Southwestern Louisiana (University of Louisiana at Lafayette).

Patrick Gordon, Chief Planning Officer

As CPO Mr. Gordon will provide QA/QC to the planning process. Mr. Gordon has 39 years of experience in planning field, with SCPDC for three years and prior to that was Planning Director in Terrebonne Parish for 36 years. Mr. Gordon has a Bachelor's of Science in City and Regional Planning from the University of Southwestern Louisiana (University of Louisiana at Lafayette).

Joshua Manning, Planner II

Mr. Manning has been an employee with the Commission for over 10 years. Has experience in GIS and demographics, redistricting plans, transportation modeling, Census querying, and transportation

planning. Mr. Manning has a Bachelor's Degree in English from Nicholls State University (2005) and a Master's Degree in Urban and Regional Planning from the University of New Orleans (2016).

Section Five: Previous Similar Work

The Commission has worked on the following projects:

St. John the Baptist School Attendance Zone Plan (2007)

Assisted the school board in delineating attendance zones for the newly planned K-8th school in West 5th Street, Laplace.

Contact: Ms. Stacey Waller

Lafourche School Enrollment Zones Mapping (Various)

The Commission has periodically assisted the Lafourche Parish School Board with Enrollment Zone Mapping, most recently updating the maps in 2018. Maps were updated to reflect new changes and developed in be dynamically searchable to the public by address and posted on the school board's website. In 2013 the Commission assisted the School Board in developing a new boundary for the North and South Larose Elementary Schools.

Contact: Mr. Barry Filce, 985-446-5631

St. Charles School Board Long Range Strategic Plan Update (1999)

Plan reviewed growth within the parish including new subdivision development, provided population forecasts, review existing school inventory and capacity, and made recommendations for future considerations.

St. Charles School Board Facility Assessment Plan (2007)

And update of the 1999 work performed for the school board.

St. James Parish School Board Strategic Development Plan (2006)

The Commission developed a plan detailing short, intermediate, and long-term capital improvements for the St. James Parish School system. The process included comparing physical plant needs to other local, state, and regional school systems. The plan benchmarked demographics for 3, 5, and 10 years.

Contact: Mr. Edward Cancienne, 225-258-4502

Terrebonne Parish Demographic Enrollment Projections

SCPDC worked with the Merlin Group, Ltd. to provide demographic projections to the Terrebonne Parish School Board in 2004 and 2014. The 2004 project involved projection population and the migration of that population, analyzing available land area for future growth, and an existing inventory of school buildings and capacity. The plan provided population forecasts for each school and recommended enrollment zone changes.

In 2014, SCPDC provided an updated projection of student enrollment to the school board for each school.

Contact: Mr. Phillip Martin, 985-876-7400

Section Six: Professional Fees

The Commission proposes to perform the above work for a cost not to exceed \$20,000.

SPECIAL EDUCATION ADVISORY COUNCIL

The Superintendent, prior to January 1, 2020, shall create a Special Education Advisory Council, which shall provide advice and recommendations regarding special education policies, procedures, and resources. The council shall also engage in outreach activities to the community at large to increase the level of knowledge, support, and collaboration with respect to special education.

The number of council members and composition of the council shall be determined by the Superintendent. The Superintendent shall appoint the council members in accordance with the following statutory requirements:

1. Fifty percent (50%) of the membership shall be parents or legal guardians of students with an exceptionality, other than gifted and talented, who are enrolled in a school under the jurisdiction of the public school governing authority.
2. Twenty-five percent (25%) of the membership shall be teachers, principals, or paraprofessionals.
3. Twenty-five percent (25%) of the membership shall be other special education stakeholders.

In selecting council members, an effort shall be made to include parents of students in elementary, middle, and high school grades.

The Superintendent shall designate the chairperson of the council. The chairperson shall be responsible for calling the council's meetings, preside over the meetings, and establish the agendas for the meetings, all in consultation with the Superintendent.

The Special Education Advisory Council shall meet at least three (3) times during a school year. Minutes shall be taken of the proceedings of all Special Education Advisory Council meetings. A written report shall be prepared by the Special Education Advisory Council and submitted to the Superintendent in May of each year regarding its activities.

No liability or cause of action against the public school district, public charter school or other public school, or any officer or employee thereof for any action taken by members of the Special Education Advisory Council.
